CORNER ROUNDERS

November 4, 1964

Theodore H. Nelson, Instructor
Vassar College
Poughkeepsie, N. Y. 12601

Dear Mr. Nelson:

Your inquiry, through "Systems Management" is welcome. We're pleased to enclose literature giving more complete information on our equipment.

Long used by the job printer, they have found wide acceptance now in the printing and duplicating departments of letter shops and offices.

You will save time and money having these machines at your service, rather than sending work out for round-corning or hole drilling needs on sales literature, record forms etc.

Prices listed are f.o.b. Rochester. Our dealer in your area is Chester Satz Co. Inc.
53 Market St., Poughkeepsie, N. Y.
We are sure they will be glad to give you service on your needs, or write us direct if we can be of further help.

Yours truly,

LASSCO PRODUCTS, INC.

Frank E. Gannon
